

Long Life Prayer

Her Eminence Sakya Jetsun Chimey Luding

Through the blessings of an ocean of divinities of longevity and
immortality,

Coming from the celestial race of luminosity,

You grant the glory of great bliss.

Wealthy with the vast activity of tantric vidyadharas,

Chief among dakinis, we supplicate you to live long!

Protectress of the Dharma and beings,

You arose from the lineage and the teachings

Of revered Sakya, which is the radiant sun

Of the Enlightened One's religion.

Turn fully the wheel for attaining deathlessness

And ever increase your twofold work;

For the Dharma and for beings.

Traversing the path of deathless freedom,

Ripen your mind and acquire the fortune of liberation.

May you gaze directly upon the face of Reality,

And dwell always in joy that does not fail.
